## PRODUCT DESCRIPTION

Better for everyone Since our beginning, around 40 years ago, we have been passionate about wellness, creating tasty and healthy hydration. We show this by creating delicious sparkling drinks– with natural ingredients and no artificials – then delivering them using our innovative Flavour Taps where possible and in aluminium cans everywhere else. Try them now and find out how delicious it can be to make nicer choices for your body and the planet. Aqua Libra Raspberry and Blackcurrant infused sparkling water, uses essential oils, aromas, fruit extracts – and a little sparkle –all without the calories You'll never find sugar, sweeteners or anything artificial in our drinks. Just sparkling water, natural flavours and a dash of lemon. Our 330ml cans are ideally served over ice with a fresh fruit garnish. And because we chose cans over plastic bottles, you can put them in to be recycled over and over again.
